

December 5, 2020

Dear Residents & Family Members,

We are committed to keeping you informed of updates and changes in the impact of COVID-19 on our Friends House community. Please see the chart below for our current numbers related to positive COVID-19 cases for both residents and staff. These numbers are reflective from the very start of the pandemic. There has been one additional positive case since the last update.

We are following the CDC and state regulations for staff who test positive. These staff members are self-isolating at home for a period of no less than 10 days. They are allowed to return to work if at least 10 days have passed since symptoms first appeared; at least 24 hours have passed since their last fever without the use of fever-reducing medications; and symptoms (e.g., cough, shortness of breath) have improved. No one will be allowed back unless these criteria have been met.

Because of these surges in and around us and out of an abundance of caution to mitigate the risk of exposure for your loved ones, we are going to suspend in-person outdoor visits for the next two weeks. On or around December 15, 2020, we will reassess our stance on in-person outdoor visits. As has been previously written, we are unable to facilitate indoor visits at this time because the health care center currently has cases.

We hope everyone who is able to is enjoying window visits with your loved one. If you would like to schedule a window visit, please call the front desk of Stabler Hall during regular business hours to schedule a time, or feel free to request a Skype or FaceTime call. The number is 301-924-7531. If you would like to schedule a window visit or FaceTime call for a resident who lives in Haviland Hall (Assisted Living), please call 301-924-7518.

The added cost of testing and additional personal protective equipment has placed a heavy burden on communities like Friends House. Some have asked how they can help. If you feel so inclined and would like to contribute to helping our team during this time of the

coronavirus, please contact Anne Derby at 301-924-7510 or aderby@friendshouse.com, or go to this link: <http://weblink.donorperfect.com/Giv3>.

Our latest results since the beginning of COVID-19 are: (As of December 4, 2020)

	#Positives	#Deaths	#Returned to Work	#Became Negative	#Still Positive
Healthcare Residents	23	6	N/A (not applicable)	14	3
Staff	27	0	23	N/A (not applicable)	4

We will update the COVID-19 section of our website as new information is available.

We appreciate your continued support and understanding. We continue to work with The Maryland Department of Health, the Centers for Disease Control and Prevention (CDC), and local health departments in monitoring the outbreak of the COVID-19 virus.

Please remember that the virus has not gone away so it is still important to remain vigilant and stay healthy. Additionally, the influenza season is upon us, so please consider getting a flu-shot.

Stay Safe,
Friends House Management
